## KITCHEN SINK FAUCET

### PREPARATION INSTRUCTIONS-

- Shut off water supply.
- If replacing an existing fixture, remove old fitting.
- Clean sink mounting surfaces for your new fitting.

### CHECK CARTON FOR THE FOLLOWING-

- A kitchen faucet fitting.
  - Plastic bag with 2 locknuts and 2 supply nuts.
  - Putty plate for cast brass underbody.
  - A hose & spray assembly in plastic bag.
  - Plastic bag with spray holder.
- } Faucets with  
sprayers only

### (1) INSTALLING SPRAY HOLDER:

- Remove spray (9) from plastic bag-straighten hose.
- Apply plumbers putty or sealant to bottom of holder (10).
- Attach spray holder (10) to sink by inserting holder through mounting hole (Fig I).
- Finger tighten the locknut over spray holder.
- Align spray holder (10) exactly as desired and securely tighten locknut.

### (2) INSTALLING SPRAYER & HOSE:

- Insert spray hose (9) through holder (10).
- Apply pipe compound or teflon tape to threads on end of hose (9).
- Connect hose (9) to kitchen faucet (1).
- Hose (9) should connect directly under spout.
- Tighten hose (9) securely.

### (3) INSTALLING THE FAUCET:

- Apply plumbers putty or other sealant between faucet & sink.
- Install the faucet (1) through the mounting holes.
- Attach locknuts (27) and finger tighten over supply shanks.
- Align kitchen faucet as desired and securely tighten locknuts (27).

### (4) ATTACHING WATER SUPPLY:

- Connect water supply lines using supply nuts (28).
- If available, hook up drain before next step. If drain is not available, use a bucket to catch flush water.
- Remove aerator (2, 3, or 34).
- Turn on cold water- allow to run for 30 seconds- check cold water supply for leaks.
- Repeat last step for hot water supply.
- Replace aerator (2, 3, or 34).
- If applicable, test sprayer (9) at this time.

#### Decorative Finishes:

The use of 100% non-abrasive wax, such as TURTLE WAX T-15 applied with a 100% cotton cloth, will clean and brighten the surfaces and provide protection for easier cleaning.

With proper care, your new GERBER product will give you years of trouble free service and enjoyment. Use only 100% cotton cloth dampened with water to clean.

DO NOT use detergents, cleaners or other abrasive materials as they may damage the finish and void the warranty.

## FRENCH

### 1) INSTALLATION DU SUPPORT ADOUCHETTE:

- Retirer la douchette (9) du sac de plastique et redresser le boyau.
- Étendre du mastic ou un produit de scellage sur la face inférieure du support (10).
- Fixer le support à douchette (10) à l'évier en le glissant dans le trou de fixation (III.1).
- Serrer manuellement le contre-écrou au-dessus du support à douchette.
- Placer le support à douchette (10) dans la position désirée puis serrer solidement le contre-écrou .

### 2) INSTALLATION DE LA DOUCHETTE ET DU BOYAU:

- Introduire le boyau de la douchette (9) dans le support (10).
- Appliquer un produit d'étanchéité pour tuyaux ou un ruban en téflon sur les filets situés à l'extrémité du boyau (9).
- Brancher le boyau(9) au robinet (1) .
- Le boyau (9) doit être branché directement sous le bec.
- Serrer solidement le boyau (9).

### 3) INSTALLATION DU ROBINET:

- Étendre du mastic ou autre produit de scellage entre le robinet et l'évier.
- Glisser le robinet (1) dans les trous de fixation.
- Serrer manuellement les contre-écrous (27) au-dessus des tuyaux d'alimentation.
- Placer le robinet dans la position désirée et serrer solidement les contre-écrous (27).

### 4) RACCORD DE L'ARRIVÉE D'EAU:

- Raccorder les tuyaux d'alimentation à l'aide des écrous (28).
- Si possible, installer le drain avant de procéder à la prochaine étape. Le cas échéant, utiliser un sceau pour recueillir l'eau .
- Retirer l' aérateur (2, 3, ou 34).
- Ouvrir le robinet d'eau froide et laisser couler pendant 30 secondes, vérifier l'étanchéité de l'arrivée d'eau froide.
- Répéter l'opération avec le robinet d'eau chaude.
- Replacer l' aérateur (2, 3, ou 34) .
- Si la situation s'applique, activer la douchette (9) pour faire un essai.

### (V) APPRET DÉCORATIF

Pour un nettoyage facile et des surfaces qui brillent, appliquez, à l'aide d'un tissu 100% coton, une cire 100% non abrasive telle que la TURTLE WAX T-15. Cette cire assurera une protection qui facilitera le nettoyage.

Avec les soins adéquats, votre nouveau produit GERBER ne vous causera aucun souci et vous donnera satisfaction pendant de nombreuses années. Pour le nettoyage, n' utiliser qu'un tissu 100% coton, légèrement humide.

NE PAS utiliser de détergents, de nettoyeurs ou autres matières abrasives car ces produits pourraient endommager le fini et annuler la garantie.

FABRIOUÉ AUX É.-U.

## SPANISH

### (1) INSTALACION DEL SOPORTE DEL ROCIADOR:

- Sacar el rociador (9) de la bolsa plastica- enderezar la manguera.
- Aplicar masilla de plomero o sellador al asiento del soporte (10).
- Pegar el soporte del rociador (10) al fregadero insertandolo a traves del agujero de montura.
- Apretar con los dedos la contratuerca sobre el soporte del rociador.
- Alinear el soporte del rociador ( 10) exactamente como se desea y apretar la contratuerca firmemente.

### (2) INSTALACION DEL ROCIADOR Y LA MANGUERA:

- Insertar la manguera del rociador (9) a traves del soporte (10).
- Aplicar compuesto de tuberia o cinta teflon a la rosca al final de la manguera (9).
- Conectar la manguera (9) al gnfo del fregadero. (1).
- La manguera (9) debe de conectarse directamente bajo el surtidor.
- Apretar la manguera (9) firmemente.

### (3) INSTALACION DEL GRIFO:

- Aplicar masilla de plomero u otro sellador entre el grifo y el fregadero.
- Instalar el grifo (1) a traves de los agujeros de montura.
- Meter las contratuercas (27) en los caños de suministro y apretarlas con los dedos.
- Alinear el grifo del fregadero como se desea y apretar las contratuercas (27) firmemente.

### (4) CONECCION DEL SUMINISTRO DE AGUA:

- Conectar las lineas de suministro de agua usando las tuercas (28) que se proveen.
- Antes de ir al siguiente paso, hay que conectar el desague si esta disponible, si no lo esta, hay que usar una cubeta para recibir el agua.
- Quitar el pulverizador (2, 3, o 34).
- Encender el agua fria- permitir que corra por 30 segundos- chequear que el suministro de agua fria no tenga fugas.
- Repetir el ultimo paso para el suministro de agua caliente.
- Colocar de nuevo el pulverizador (2, 3, o 34).
- Probar el rociador (9) en este momento, si es aplicable.

### (V) Acabados Decorativos:

El uso de ceras 100% no abrasivas, tal como la CERA DE TORTUGA T- 15 aplicada con un paño de algodón, limpiara y dara brillo a las superficies y dara proteccion para que la limpieza sea mas facil.

Si le das el cuidado apropiado, tu nuevo producto GERBER te dara muchos años de servicio sin problemas. Limpialo solo con paños humedecidos que sean 100% de algodón.

NO usar detergentes, limpiadores u otros materiales abrasivos ya que pueden dañar el acabado y anular la garantia.

### WARRANTY

Gerber Plumbing Fixtures Corp.  
Gerber Ceramic Disc Cartridge Ceramaflow Limited  
Warranty  
Gerber Washerless and Compression Type Cartridge Limited  
Warranty

#### LIMITED LIFETIME WARRANTY

GPF warrants that the ceramic disc cartridge (the valve control of the faucet) will not leak or drip for as long as it is owned by the original purchaser. If the ceramic disc cartridge malfunctions or proves defective upon inspection by GPF after the valve has been returned, then GPF will repair or replace such part, at GPF's option, free of charge. This Limited Warranty only applies to repair or replacement of defective ceramic disc cartridges.

#### TEN (10) YEAR LIMITED WARRANTY

GPF warrants that the washerless or compression type cartridge (the valve control of the faucet) will not leak or drip for a period of ten (10) years from the date of original purchase, as shown on the original consumer-purchaser's receipt. If the washerless or compression type cartridge malfunctions or proves defective upon inspection by GPF after the valve has been returned, during the 10 year warranty period, then GPF will repair or replace such part, at GPF's option, free of charge.

This Ten (10) Year Limited Warranty only applies to repair or replacement of defective washerless or compression type cartridges. Normal wear of washers, seats, o-rings, sealants and lubricants is not subject to the 10 Year Warranty.

#### TWO (2) YEAR LIMITED WARRANTY ON OTHER PARTS

GPF warrants to the original consumer-purchaser of this product that for a period of two (2) years from the date of original purchase, this product will be free from defects in material and workmanship under normal, reasonable use in accordance with product instructions. All faucets installed in accepted commercial installations carry a one (1) year limited warranty. All labor, shipping, and freight costs and any other charges incidental to warranty and service are to be borne by the original consumer-purchaser.

GPF agrees, at GPF's option, to repair or replace this product or any part thereof which proves, upon inspection by GPF after such product is returned, to be defective in material or workmanship.

GPF will not be liable for any labor, shipping, freight, or any other charges incurred by the original consumer-purchaser in acting upon the above warranties. Installation or use of the faucet or valve not in accordance with product instructions or improper use, abuse or neglect of, or accident to, the faucet or valve will void the above warranties.

To receive replacement or repair of either the ceramic disc cartridge, washerless or compression type cartridge or another part of this product, send the defective part, together with the original sales receipt or a copy thereof, showing the date of purchase, to:

Gerber Plumbing Fixtures Corp.  
4600 W. Touhy Ave.  
Lincolnwood, IL 60712-1699  
ATTN: Customer Service

If the Federal Consumer Product Warranties Act applies to the original purchaser of this product, then any implied warranties which may be applicable under state law, such as any implied warranty of merchantability or any implied warranty of fitness for a particular purpose, are limited with respect to the ceramic disc cartridge to twenty (20) years, washerless or compression type cartridge to ten (10) years and with respect to all other parts to two (2) years.

Other than as described above, GPF disclaims any and all other warranties, express or implied, including any warranties of merchantability or fitness for a particular purpose. In no event shall Gerber Plumbing Fixtures Corp. be liable to anyone for incidental or consequential damages.

The above warranties give you specific legal rights, and you may also have other rights which vary from state to state. Certain federal and state laws may limit or disallow disclaimers of incidental or consequential damages and/or limitations on implied warranties.
