

Rinnai EnergySaver® Direct Vent Wall Furnace

Efficient Supplemental Heating for Homeowners

Comfortable heat for hard-to-heat spaces

Transform any living space — from basement to sunroom, or even the whole home — with self-adjusting heat that keeps room temperature consistent, from floor to ceiling.

Consistent Warmth and Reduced Cold Spots

- Maintains pre-set temperature
- Distributes heat evenly

Energy Efficient Solutions

- Unique energy-saving modulating technology intuitively matches the specific level of heat needed at any given moment, responding to the smallest temperature changes (within 2 in / 5 cm above the floor)
- Rinnai offers multiple models for just the right size and configuration to heat a whole home or complement an existing heating system
- Minimizes heat loss with no ductwork

The Rinnai Difference

Consistent, Even Heat

Wall Thermostat Compatible

Modulating Technology

User-Friendly Controls

Versatile Installation Options

High-Altitude Approved

Quiet Operation

Customized Heating

The easy-to-use programmable thermostat lets you set a comfortable temperature for when you're home and a lower setting for when you're gone. Attach to a Wi-Fi enabled thermostat (Nest, Honeywell, Ecobee, etc.) for additional flexibility and comfort, meeting supplemental or specific zone heating needs.

USER-FRIENDLY CONTROL PANEL
Manage the temperature in your home with our user-friendly control panel. Simply choose a set temperature or customize heating during the day by programming built-in timers.
