

Features

- Digitally controlled.
- High-temperature limit setting for added safety.
- One-touch control of two valve outlets.
- Low-profile design.
- Selectable water-saving functionality.
- Selectable Fahrenheit or Celsius.
- Eco mode limits use to only one outlet selectable at any time.
- Easy-to-read LCD display and raised one-touch buttons.
- Integrated diverter lets you toggle between two water outlets.
- Digital thermostatic valve ensures safe and accurate temperature control.
- Warm-up mode reaches set temperature and then pauses until you're ready.
- Pause function stops water flow for up to two minutes.
- Countdown mode allows you to set shower duration to save and manage time and water use.

Installation

- Mounts on finished wall surface.
- Ideal for new installation or retrofit to existing shower.
- Install valve up to 20' away from the digital interface with cable supplied. Distance can be extended with a standard RJ-11 phone extension cord.
