

Quick Acting Tubing Cutters

BIGGER! TOUGHER! FASTER!

RIDGID Quick Acting Tubing Cutters are now better than ever, with several great improvements and the same best-in-class performance professionals have come to expect.

New Features & Benefits

- **Bigger, ergonomic knob** provides a firmer grip to cut through tubing more quickly.
- **Unique, ball-detent wheel pin** allows users to change cutter wheels more quickly – no tool needed...no lost clips...change to cut copper or plastic in seconds.
- **Spare cutter wheel** now included in the knob for added convenience and value.
- **Wear components are tougher** and last longer than ever before.

Model 151

We've Taken The Cutters You've Always Known And Made Them Better.

Models 151-156 still provide best-in-class results in cutting accuracy and cutter wheel life, a quick acting mechanism that rapidly adjusts to different sized tubing, sturdy I-beam construction and hardened wear surfaces. RIDGID Quick Acting Cutters also offer great versatility, with all cutters available in models for plastic pipe or metallic tubing. Models 151 and 152 also feature fold-away reamers.
