Choreograph™
SHOWER WALL & ACCESSORY COLLECTION

THE BOLD LOOK
OF **KOHLER®**

The Choreograph™ shower wall and accessory collection embodies practical elegance with its beautifully understated designs and smart functionality. And it makes it easier than ever to customize the showers in your property.

Beautiful Shower System

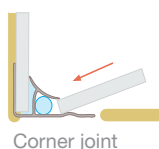

The shower walls are offered in a range of colors, patterns and textures and feature a matte finish that suits a wide range of decors.

Clever Storage and Support

The thoughtfully designed storage options provide space to organize shower items and offer support in the shower.

Easy Installation

The joint system makes installation simple. The walls can be trimmed on site for custom cuts and can be installed over tile.

Durable

The walls are manufactured from Serica™, a proprietary composite material engineered to the highest standards of performance for long-lasting beauty, designed to withstand the rigors of on-site job handling and installation.

Low-Maintenance

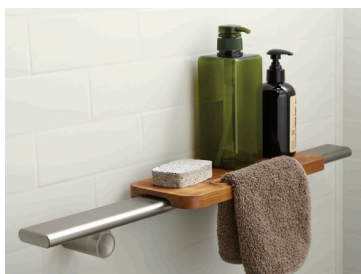

The joints leave a minimal seam for a finished look concealing the silicone. This makes it easy to clean and maintain the shower walls.

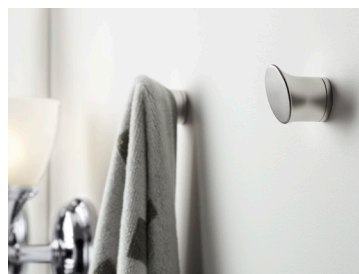

60" x 36" x 96" Wall Kit K-97616-T02-0
54" Shower Barre K-97628-SHP
Teak Tray K-97629-NA

Install the floating shower shelves either inside or outside the shower to open up more storage possibilities.

The shower barre is designed specifically for storing shower products, and it provides stability and support in the shower.

Adding hooks is a simple way for guests to keep their robes and towels dry while freeing the floor from clutter.

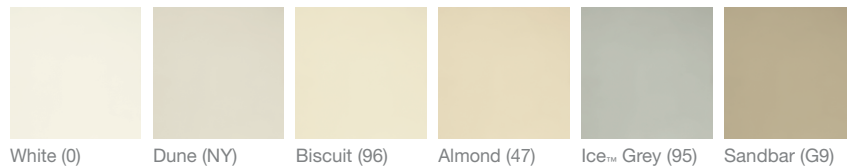

Corner and seam joints connect full and accent panels for cohesive design, ease of cleaning and easy, long-term maintenance.
