

### Features

- Single handle controls flow to outlets
- ADA-compliant ergonomic handle
- 120° handle rotation with two-outlet operation
- 360° handle rotation with three-outlet operation
- When used with K-728 series MasterShower® transfer valves, handle controls flow to two or three outlets individually or any two outlets at a time
- When used with K-737 series MasterShower® diverter valves, handle controls flow to two or three outlets individually (only one outlet at a time)
- Trim only; requires K-728-K two- or three-way transfer valve, or K-737-K two- or three-way diverter valve (sold separately)
- Coordinates with other products in the Parallel collection

### Material

- Premium material construction with metal handle ensures reliability and durability
- KOHLER® finishes resist corrosion and tarnishing

### Installation

- Bath- or deck-mount
- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in
