

A REVOLUTIONARY APPROACH TO HYDRONIC INSTALLATIONS

Combine a forged brass manifold and components to streamline boiler and secondary loops installations.

VERSATILE SOLUTIONS

The Hydro-Core system offers varying degrees of simplicity and customization depending on your needs.

COMPLETE NEAR BOILER PIPING KITS

Everything but the pump! A complete solution for a wide array of boilers, includes the manifold, piping and all boiler connections.

NEAR BOILER COMPONENT KITS

Pipe it yourself. Utilize Near Boiler Component kits including the manifold, pump connections, and boiler connections.

MANIFOLD + UNION CONNECTIONS

Utilize the manifold and basic union connection, but complete the rest of the work in the field.

PARTS & ACCESSORIES

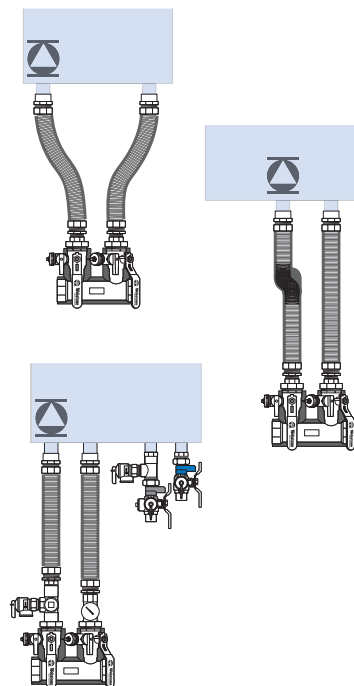

Hydro-Core components available individually. Craft your own kit to accommodate unusual system or space requirements.

Complete Near Boiler Piping Kit for Boilers w/ Internal Circulator Pumps

Includes Hydro-Core Manifold and (2) full fabricated and insulated supply/return lines outfitted with connections for your specific boiler
