

NEW PRODUCT UPDATE

JANUARY 2001

PROPEX HAND EXPANDER TOOL

APPLICATION

The ProPEX® Hand Expander offers manual control for a permanent, leak-proof connection. This hand held tool expands $\frac{3}{8}$ ", $\frac{1}{2}$ ", $\frac{3}{4}$ " and 1" AQUAPEX® and hePEX™ plus tubing to make ProPEX® fitting connections.

PRODUCT CHANGES

The ProPEX® Hand Expander has a new look. The older version with the black finish is no longer available. The new version is chrome plated and comes in a green carrying case.

PART NUMBERS

- (new) Q6295075 ProPEX® Hand Expander Tool with $\frac{1}{2}$ ", $\frac{3}{4}$ ", and 1" Heads
- (new) Q6275075 ProPEX® Hand Expander Tool without ProPEX® Heads
- Q6305075 (discontinued)
- Q6285075 (discontinued)

REASON FOR CHANGE

The new ProPEX® Hand Expander offers the same reliable results as the older version with improved precision and control.

NOTE:

Individual tool segments for ProPEX® expander heads are not available for the new Wirsbo ProPEX® hand expander tool.
