Technical Information

Fixture*:	
Weight	107 lbs (48.7 kg)
Configuration	one-piece
Drain hole	Ø 3-3/8" (86 mm)
* Approximate measurements for comparison only.	

Installation Notes

CAUTION: Risk of property damage and personal injury. Using this product without a shower door may cause water damage and may create a wet and potentially dangerous environment. Install a shower door with this product.

Install this product according to the installation guide.

Follow all plumbing codes applicable to the installation of this product.

Install this product in a stud pocket of a suitable size and shape. The stud pocket opening tolerance is +1/4" (6 mm), -0" (0 mm). The overall size of the product is shown below.

When fire rated construction is specified, dimensions are to the inside of the fire-rated wall.

Floor leveling compound may be required to level the fixture.

Shimming may be required between the stud frame and the fixture.
