

Qwik Caps / Hose Bibbs

Quick, reusable caps for pipe ends, testing & cleanouts.

Qwik Caps offer a quick, easy way to cap pipe ends, cleanouts and open test pipes. Made of flexible PVC, they're suitable for above-ground or underground use, on cast iron, steel, copper or plastic piping. The convex face allows the cap to withstand greater pressure for testing purposes and minimizes ballooning. To install, simply place over open end of pipe and tighten to 60" lbs. torque.

Qwik Caps

Part No.	Nominal Pipe Size
QC-101	1-1/2" (38mm)
QC-102	2" (50mm)
QC-103	3" (76mm)
QC-104	4" (101mm)
QC-105	5" (127mm)
QC-106	6" (152mm)
QC-108	8" (203mm)
TC-10	10" (254mm)
QC-112	12" (305mm)

QC TECHNICAL SPECS

- Fast, easy installation.
- Permanent or temporary cap.
- Underground or above-ground.
- Low cost and reusable.

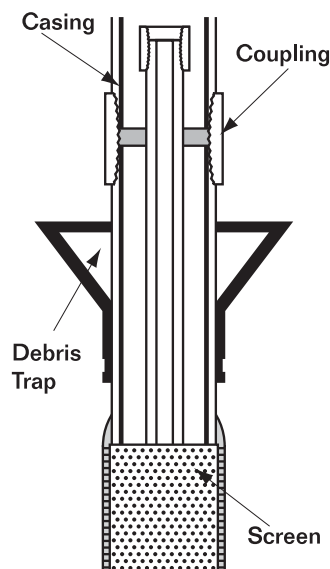

Hose Bibbs

Part No.	Nominal Pipe Size
HBC-1	1-1/2" (38mm)
HBC-2	2" (50mm)
HBC-3	3" (76mm)
HBC-4	4" (101mm)

Water Well Debris Traps

Prevents loose debris from plugging pump suction area.

Debris Traps eliminate the common problem of loose dirt and stones plugging the pump suction area in water wells. The trap is quickly and easily installed over the well casing and secured with stainless steel clamp. Made of soft flexible PVC which conforms to irregularities of the drilled well. Does not crack or become brittle with age.

Part No.	Description
WC 500-238	2" casing x 5" well
WC 600-350	3" casing x 6" well
WC 600-450	4" casing x 6" well
WC 700-450	4" casing x 7" well
WC 700-562	5" casing x 7" well
WC 800-550	5" casing x 8" well
WC 900-550	5" casing x 9" well
WC 800-662	6" casing x 8" well
WC 1000-662	6" casing x 10" well
