Features

- 1.28 gpf (4.8 lpf).
- Right-hand Polished Chrome trip lever.
- Combines with the K-20148 bowl to create a complete K-20197-RA Betello™ toilet.

Technology

- Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing.
- AquaPiston® canister allows water to flow out of the tank from all sides (360°), increasing the power and effectiveness of the flush.
- Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
- Durable canister design has 90% less exposed seal material than a 3" flapper for leak-free performance.
- Light-touch canister flush requires a lower actuation force than a flapper.

Installation

- Supply line sold separately.

Recommended Products/Accessories

K-20148 Elongated chair height toilet bowl
K-23726 Drain treatment
