

MAKE YOUR OWN MIXING VALVE

You can now build your own AM-1 Series mixing valve with the option of purchasing valve bodies and fittings separately.

The Resideo Braukmann AM-1 Series Mixing Valves offer your customers a solution to scalding water and bacteria growth.

As a solution for both residential and light commercial water heater systems, the Braukmann AM-1 Series Thermostatic Mixing Valve precisely adjusts, maintains, and limits hot water temperatures.

Enjoy the benefits of:

- Easy installation
- Fewer service callbacks
- Less parts to stock in your truck
- Greater control and flexibility

Fitting sizes:

1/2", 3/4", and 1"

Fitting options:

NPT, Sweat, Press, PEX, CPVC, and Push Connect.
Mixing valve bodies and fittings sold separately.
