# 400 Series Freezeless Wall Hydrant

Application

## Mansfield Style M-400

SMART TURN  
 180°  
 HALF TURN

- Residential
- Freezeless
- Anti-Siphon
- Backflow Check Valve

PRIER 400 Series provides a year round source of water to areas of structures that are subject to freezing temperatures. The hydrant valve is connected to the supply piping in the heated portion of the structure, eliminating the possibility of freezing. The PRIER 400 Series features a half-turn design for years of easy operation.

The PRIER 400 Series has all the characteristics of the proven 300 Series Wall Hydrant, with the added protection of a vacuum breaker and backflow preventor. It is available from stock in lengths from 4" to 14".

Features

- ASSE 1019 and C-UPC approved
- Easy half-turn operation
- Integral cast backflange
- Wide screw holes easily secure mounting screws
- Aluminum vacuum breaker cap with increased durability
- Solid brass body and seat
- Satin nickel plated body maintains attractive finish
- Stainless steel handle screw
- Easy grip polycarbonate operating handle
- Durable ACME threads secure stem at seat end
- Solid stem design with EPDM backflow preventor
- AFG teflon with graphite packing for easy maintenance
- Field repairable with no special tools
- Spout aligning mark
